paintings with a story by Sally K. Green

Reflections from VISITORS' experiences...

[quote above the paintings]

“Walk worn paths only that new routes may be found.” — **Oguchi Nkwocha M.D.**
Igbo visionary leader, born in south-eastern Nigeria

Dr. Nkwocha came to the opening reception for the exhibit on May 13th and spent the afternoon visiting with our guests.

Thank you for reminding us that there is no riper time to recognize *worn paths*, so to find and follow *new routes*, which are so compelling now. —Oguchi Nkwocha

Discover something intimate and unknown about people who have traveled the *worn paths* before you... Imagine how differently we all might experience others—who may be new and different—if we first understood something about the road they have traveled.

Where have you been? is an artistic tribute to diversity, inclusion and courage across time. It is also a call-to-action. Each painting has an inspiring story and offers an invitation to all who visit: *To seek the uncharted paths that bear our names...*

The paintings were selected from my “Life & Work” and “Leaders with a Lasting Impression” collections. They represent a long-held curiosity to uncover the little-known stories of hard work, innovation, and survival, most often found on the worn paths. —Sally K. Green
